carried on in their clubs across the province, during the past six or seven months. Show

and sales will be locally advertised and district agriculturists can furnish complete lists. Attendance by the public will

The total overall moisture condition of the three Prairie Provinces, which takes into account the moisture that accumulated prior to the present growing season on stubble and

commercially, now stands at 94 per cent of normal compared with 94 per cent last week and 93 per cent at this time a year ago. Respective figures for the three provinces are as follows:

Alberta, 96 per cent of normal ; Saskatchewan, 92 per cent of normal ; and Manitoba, 108 per cent of normal.

In Manitoba, moisture conditions are generally excellent and

warmer weather is now required. The rains of the past two weeks have improved the moisture conditions in both Alberta and Saskatchewan, but a number of districts still require further

raints to promote growth and to prevent deterioration of the crops.

Keeps Homes Happy! 

**CORN-FLY CONTROL
ON BEEF CATTLE**

The horn-fly, one of the most serious pests of cattle during June, July and August, is small, dark-gray, blood-sucking insect about half the size of

in weight on these cattle with built as well as better use of pasture and increased calf crop. Applications of DDT spray, prepared by simply mixing 50 parts DDT wettable powder in water at the rate of 1 lb. in 10

lice, will readily kill this pest. Spraying should begin when approximately 25 fleas are found infesting an individual beast and although the treatment should be repeated as often as necessary, hot weather may seek the shade of the undersparts. When fleas are abundant on the shoulders and crop they appear as a shiny gray-like patch, sometimes over a foot square, and are only

Work On Post Office Started

Work is progressing very steadily on the new Post Office building, Farrell and Johnson of Davidson began preliminary site clearing operations on Tuesday, May 21st and at press time (Wednesday) the foundation was laid and the brick layers were ready to begin. C. M. Miners Construction of Saskatoon is the contractor and foreman Nick Zmud told the Leader that if present working conditions prevail the building should be finished by July 15th.

The blue prints call for a building 38' by 46' with a flat roof and constructed of brick. The Leader, Davidson, Sask.—May 29, 1957.

Prairie Gold District Executive Discusses Plans for Jubilee Year

The executive of the Prairie Gold District of The Boy Scouts Association, meeting at the home of President J. W. Roth at Kimberley on May 16th, discussed plans for the Prairie Gold celebrations of the birth of Lord Baden-Powell as the Golden Jubilee of Scouting, salutory for the forthcoming visit of Field Commissioner O. K. Zander to the district June 2nd to June 8th; assistance to the Scout and the Guide from the area who will be attending the International Jubilee celebrations in England this summer afternoon at the Queen's Scout Ceremony and his Provincial Executive Board meeting at Regina, both on May 25th; and of course, finance.

All Scout Troops in the district will attend the Jubilee Campore near Alank from June 7th to 9th as self-sustained units. The Clifton, Kimberley, Sask.

Drill Goes Down In Local Oil Try

Drilling began Sunday nine miles north of Indian Head on the farm of Jim Webster in the continuing search for oil.

Early Thursday morning the drill crew moved in the equipment and on Friday the rig was assembled ready for the long probe deep into the earth. Gold Star Drilling Co. are in charge of the boring.

Bill Nichols is the "big wheel" on the crew, which numbers up to five men. Drilling is proceeding on a round-the-clock basis. The crewmen have found rock and board in Indian Head. One of them stated there could be up to a year's drilling on the site in this area. The News, Indian Head, Sask.—May 30, 1957.

Convention Delegates On Upper Continental

N.W.C.A. representatives from all parts of Canada travelled to Vancouver aboard the CP's Super-Ontario to attend the Canadian National convention of the association.

Twelve delegates from Winnipeg boarded the Super-Continental on Friday and were joined on Saturday by a group from Regina and Edmonton. Other groups came from Newfoundland; Montreal and Toronto.

FILTRATION FAVORED

Out of about six hundred citizens eligible to vote on Bylaw 436, 148 turned up at the council chambers on Wednesday to cast their ballots. Of these, 110 favored the sale of the \$100,000 debt-ture issue to finance the construction of a new water filtration plant. Eighteen voters opposed the by-law and there was one abstained ballot. — The Clifton, Kimberley, Sask.—April 11, 1957. 3253

Canadian Custom Jewellery. The Ultimate in Good Grooming

The indestructible diamond rose to eminence as the world's most popular jewel with the opening up of the rich diamond mines in South Africa during the latter part of the 19th century.

The urge to adorn oneself is one of the first steps of barbaric man towards civilization. Stone age mariners had to be content with necklets of animal's teeth. Today, diamonds are a girl's best friend.

Jewellery may be sought for reasons other than personal adornment. Many people regard the purchase of jewels as a form of investment in addition to being a source of delight and pleasure. Jewels are a kind of universal currency.

they can be readily converted into cash in any country in the world where there are men who love beautiful women and women who love beautiful things.

Once the unique distinction of emperors and kings, tailor-made jewellery is finding increasing favour with discriminating Canadian women. Montrealer Gabriel Lucas designed this delicate brooch of diamonds and pearls.

Custom-made jewellery, as every pampered poodle and their fashionable mistresses know, is the final elegant touch which marks the ultimate in good grooming.

Patented Film Book of Canada Photos by Gar Lomney

At the rear of Gabriel Lucas' fashionable Sherbrooke Street shop in downtown Montreal, master craftsmen transfer the designer's sketch into an exquisite setting of precious gems for lady's jewel-box. Many of these

highly skilled workers have been brought to Canada from such European countries as France and Belgium where the ancient jeweller's art is still taught under a strict apprenticeship system.

To Instal 16 Water Meters

An answer to a request by the Public Utility Board, the City of Stouffville will install a total of 16 water meters. It was agreed at the regular council session held Tuesday evening.

The request for the action was installed in order to determine the amount of water used, resulting from a number of complaints about water rates. The amount of water used, as recorded by the meters, will possibly determine future rates in some business categories. Meters will be placed in a number of establishments which have protested against the water rates.

Council also heard a delegation from Mill St. North, who asked that the water line be brought down their street, in addition to the sewage line already there.

Also requesting sewage and water lines were the residents of Mill St. between Backman and Kroker Avenue. This delegation presented a petition signed by 15 of the 17 housewives who reside in the block—Carlton News, Stouffville, Man.—May 24, 1957.

Helpful Hints

Time for a picnic? Then it's time to watch out for these items looking trouble maker called poison ivy.

The national health department says poison ivy resembles Virginia creeper, except that the first only three leaves instead of five.

If you bump into poison ivy, wash the skin with a strong household soap with at least remove the poisonous oils.

If too much salt has been added to soups or gravy, try dropping in slices of raw potato or slices of toasted bread and boil for five minutes, then remove. The potato or bread will have absorbed much of the salt.

Paraffin poured over the bottom of the garbage container will prevent it from rusting.

Baking soda has been recommended to remove grease and discoloration from a waffle iron. —The Progress, Windsor, Man.—May 22, 1957.

Rural Council Gives Approval To Two Dams

Delegations from nine town of Russell and the Village of Birchville, at the regular May meeting with similar requests. Mayor J. A. Burgess, asked the support of the Council for the construction of a dam on Conquest Creek, and Mayor J. H. Cornell, of Birchville, asked for support of a dam on Silver Creek. Both received the Council's approval. —The Banner, Russell, Man.—May 22, 1957.

Canadian Army photo. SOLDIER APPRENTICES—Two of the soldier apprentices after their first overseas mission. Left to right are: Sgt. Jim Fleming, Scott John, N.R., and Martin Hickey, Dalhousie, N.S.

Shenwood, North Dakota—Canadian soldier apprentices were credited by Mayor Russell Stevens for making this community's 20th annual Memorial Day services a marked success.

And the contingent from Camp Shilo, Man. was told by the American Legion commander, "We admire you and only wish that we carry out in our country the service which you are performing for Canada."

Also taking part in the service were members of the Canadian Legion Branches and veterans from the Maritime, Saskatchewan and North Dakota border areas. The 16 and 17-year-old members from the Royal Canadian School of Artillery formed a rifle troop and a 24-piece military band.

Assembling at the U.S.-Canadian border, the young soldiers and uniformed veterans of the U.S. armed forces lined the route while national flags and Legion colors were trooped down the ranks. About 1,200 spectators watched the ceremonial at this town of 284 population located 10 miles south of Gainsborough, Sask.

Four soldier apprentices stood guard with arms crossed as the memorial to the Unknown Soldier for the war-time veterans following a remembrance service. Jack Burton, retired customs head and member of the Carleton Place, Legion Branch placed the wreath. Major Frank Mielke of Gainsborough, Sask.

CARMAF FEATURED ON TRANS-CANADA RADIO NETWORK
The town of Carman received a brief bit of national publicity Tuesday afternoon during a nationwide, book-up of Canadian Broadcasting Corporation stations in the CBC's new program, "Party Line". The weekly program consists of book-ups from many of the CBC's station across Canada and is carried on the Trans-Canada network. —The Daiford Leader, Carman, Man.—May 19, 1957.

Kingston, Ont., was in command of the Camp Shilo group.

Canadian Legion Branches taking part in the ceremonies were Gainsborough, Carleton Place, Ontario, Alameda and the combined bands of Stouffville, Hocking and Albia, Sask. Legion pride march was led by Major Mielke of Stouffville.

Members of the American Legion Post 213 have been invited to take part in the Canadian Remembrance Day ceremony November 11 at Gainsborough, Sask.

Do it yourself! A small illustration showing a person working on a piece of machinery, possibly a car engine or a small machine.

To obtain this pattern send three-five cents in cash (change cannot be accepted) to: Household Art Department, Department P.P.S., 69 Front Street, W., Toronto 20, Ontario. —The Daiford Leader, Carman, Man.—May 19, 1957.

Corporation financing to the fore

(Continued from Page 1, this week)

One Corporation financing this week brought out one of the new market to the fore in Canada. A \$12 million issue of debentures was announced by the Canadian National Oil Co. Ltd. to be offered, half in Canada and half in the U.S. this week.

Units priced at \$50 will contain 120 shares. The offering is a common stock. The debentures carry a 4 1/2 per cent and mature June 1, 1962. The total of the common shares is \$12 million. Demand is reported strong for the offering.

The offering is being handled by Northern Ontario Natural Gas Co. Inc. 200,000 common shares authorized, of which about 100,000 equity-held common shares are currently listed.

In addition to the \$12 million debenture offering, the company plans a \$12 million first mortgage bond issue at a later date. This is expected to be offered individually, also in both Canada and the U.S.

The company's natural gas distribution franchise area extends in Ontario from Oshawa to the Lakehead, including most of the Mar. The capital program is designed to enable it to begin service on some of Alberta's natural gas available in northern Ontario by November, 1958.

Placement of the issue has been directed to local areas of the distribution system and to the usual investing institutions. It is expected that distribution elsewhere will be very limited.

Newfoundland finances in U.S. The Province of Newfoundland completed its first dollar financing since independence with the U.S. in 1949, according to an announcement by the Hon. E. S. Spencer, Minister of Finance.

This was accomplished by the private placement of the U.S. market of \$2,000,000 of 5 1/2 per cent floating debentures, due 1972.

Purchasers of the securities were insurance companies and pension funds and the proceeds of the financing are to be used for the construction of highways, educational institutions, Trans-Canada Highway, roads and bridges and other purposes, Mr. Spencer added.

Mr. Spencer stated that the Provincial Government of Newfoundland welcomed the investment by these important American financial institutions as an indication of the Province over the next few years will benefit the support of American as well as Canadian investors.

U.S. treasury bill rate was higher at 3 1/2 per cent this week as against 3 1/8 per cent in week previous.

The other segments of the new market were rather lackluster, although there was some \$2,000,000 City of Gainsborough of 5 1/2 per cent floating debentures due June 1, 1962, and priced at \$50. There was no word of reception to this offering at time of writing.

It was announced on Thursday that the Province of Manitoba would sell Toronto on June 11th for \$7 1/2 million of Manitoba Hydro Electric Debentures. An amount of \$1 1/2 million of the total will be 5 1/2 per cent debentures due July 1, 1967, with the remainder 5 1/8 per cent.

6-Mill Tax Increase Passed by Council
Russell Town Council at their last regular meeting on May 13th finalized and approved the 1957 budget for the town, with the final result showing a six-mill increase in taxes over last year's. The new budget, highest in the town's history, is \$700,000, or \$13,000 above 1956. The mill rate was struck at 46.—The Banner, Russell, Man.—May 22, 1957.

April Oil Production: 15,800 Barrels a Day

Manitoba's crude oil production during April averaged about 15,800 barrels a day and was the month's total to 475,997 barrels.

Mon. F. C. Bell, minister of mines and technical services, said this exceeded the April 1956, figure by about 30,000 barrels, but was down approximately

45,000 barrels from March, 1957, production.

Mr. Bell said that at present there are 14 drilling rigs in operation and it is anticipated that in the first two weeks in June this number will be considerably increased.

During April there were 669 wells actually produced, and 700 capable of production.

PRAIRIE PUBLISHERS

PHOTOGRAPHIC DEPARTMENT

1410 SCARTH ST.

REGINA, SASK.

If the above picture is any indication, the men are going to be separated from the boys on the Stouffville baseball team this year. Boyd Diamond, new Stouffville coach, is putting the boys through the paces.

Chaplin Street Included in \$140,000 Paving Plan

Although Council cut back one or two projects in this year's Works department program to conform with the 77 mill rate which has been established for taxation purposes) the city will spend an estimated \$340,000 on paving, sidewalks, storm sewers and water extensions and street maintenance. The program has already received the provincial council approval and bills covering them are in process of being drafted for final disposition. —The Sun, Sept. 23, 1937.

The largest bit in the world is in Montana.
